In addition to the general information mentioned at i to X above, the institution may highlight the following, if it so desired:

History of the Institution	<p>Anathasevashrama Trust has always been on the endeavor to introduce programmes which are relevant to every one in society including youth who wants to be most update in every field of knowledge in this era of rising global economy and standard in general. To prepare the students enough to be the leaders of their professions and of their nation. Competent to create a prosperous, progressive and peaceful country, the Anathasevashrama Trust has introduced the B.Ed programme with due emphasis on to prepare high quality teachers. The significance and the role of the teaching profession in any society flows out of what society expects from education at a human level what role it assigns to education in national development and what goals of development are pursued by the nation. These three levels and considerations are interrelated, and they flow from the historic and sociocultural situation as much as from the economic policy of the country. Teachers play a very important role in a student's life. It is, to a great extent, the teachers who decide the shape a student's life will take. So, it is very necessary to be adequately equipped with resources that will make the teacher a perfect role model to the students. To achieve this, Bachelor of Education or B.Ed. was introduced, which will teach a person about Teaching and the various aspects associated with teaching. Once a person completes the Bachelor of Education or (B.Ed.) coaching or training, then he is awarded with a B.Ed degree. The course contents have been structured as an important component to make teachers experts in educational management which is in great need today for all teachers.`</p>
